

Dfl Roads
Carriageway Resurfacing
Scheme Including
Drainage
Improvements on
Carland Road,
Dungannon
12th June to
7th July 2023

The scheme scheduled is planned carriageway resurfacing including storm drainage improvements on Carland Road, Dungannon. The work will be carried out by FP McCann, on behalf of Dfl Roads and is scheduled during 12th June to 7th July 2023

Due to the nature of the work a full road closure is required, however pedestrian access will be maintained, we will also provide access for all property owners and businesses. Motorists should expect some delays while the diversions are in place and are advised to allow additional time for their journeys.

The Department would apologise for any inconvenience caused.

For traffic information about this and other improvement schemes visit:
www.trafficwatchni.com

Dfl Roads would appeal to motorists to use the official diversion route and would ask for patience and cooperation whilst these most necessary works are ongoing.
